INDEMNITY

The Constitution and Rules of the Club provide that should the Member be responsible for locating any vessel not wholly owned by the Member in or on the Club's facilities, the Member shall indemnify the Club against all actions, damages, costs and expenses to which the Club may become liable in respect of any loss or damage to property or injury to persons arising wholly or in part by the location of such vessel in or on the Club's premises. Vessels may not occupy a Marina pen until it has been registered by the Committee.

PARTICIPATION

The Constitution and Rules of the Club provide that Members who own vessels occupying a pen in the Marina are expected to participate in Club activities that are practical for and commensurate with their type of vessel to warrant continued pen occupancy. The activity level is to be based upon the participation level of similar type, size or design of vessels in Club events programmed or rostered for that type of vessel.

ROSTERED ACTIVITIES

Vessels occupying a pen in the Marina will (where appropriate for the type of vessel) be rostered for Sailing Rescue and Support duties / Power Yacht Check Point duties. Vessels participating in other Club programmed events may be excused from rostered activities providing minimum participation standards, as determined by the Committee, are met.

POLICY FOR RETENTION

The initial allocation of pens will be "Provisional" for a period of 12 months. Retention thereafter to be determined from time to time by the Committee and subject to participation and support levels established by the Committee and having regard to the following criteria.

- The vessel owner's period of membership;
- The vessel's participation in programmed Club events;
- The vessel owner's participation in and support for the Club activities and administration;

- The vessel owner’s support for, and use of, Club services such as bar and catering, Club and member social functions; and
